

PINK FOR THE CAUSE, GREEN FOR THE METHOD

## OUR MISSION

We are passionate about, and committed to, promoting awareness that:

\*\* Annual breast thermography, breast examinations, with mammography, can improve women's chances of early breast cancer detection by 98%.

\*\* We support a patient's right to choose prevention and treatment using advanced naturopathic medicine by early breast disease detection, utilizing breast thermography and clinical breast examinations.

\*\* We have the capability, knowledge, and technology of thermal imaging to detect other disease conditions in this new emerging imaging arena.

## THE EVENT

Beyond Pink is at it again and wait until you see what we have in store for guests this year! You won't want to be anywhere else on **October 13th, 2017**.

Doors open at 5:00 p.m. with complimentary wine, a fabulous silent auction, and plentiful hors d'oeuvres. Our signature designer bra fashion show will kick off at 7:00pm. Guests will have a chance to meet our designers and models, enjoy awesome appetizers, and take part in a few special surprises.

We assure you it will be the 'The Most Fun You Will Have Saving a Life.' Bring your friends, spouse and coworkers! Tickets can be purchased in advance. 100% of the net proceeds will go towards funding for women who cannot afford thermography. There are sponsorship opportunities available for every budget. Last year's show and auction was a great success, and we invite you to come be a part of it!
